TOPICS OF THE TIME.

NEWS IN BRIEF.

Items from the Capital.

Prof. Marsh, of Yale College, who spent

last summer in the Sioux country, called

at the Smithsonian Institution, and

afterward, in company with Mr. Jewell, as

the President, to exhibit specimens of flour,

tobacco, sugar and coffee, issued by the

agent to Red Cloud's band. The flour was

black and hard, the tobacco spoiled, the

sugar wet, and the coffee of the poorest

quality.

A St. Louis Globe special from Kansas

says it is understood that the Indians who

escaped from the Cheyenne Agency, on the

last, are on the Cimarron river, about

150 miles south of Fort Dodge, in the neigh-

borhood where they rendezvoused at the

beginning of the war last summer. It is sup-

posed they have formed a junction with one

or more of the bands that remained out-

side the winter, and that the whole force

is probably about 500. They are evidently

intent upon fighting. All the available

troops at Fort Dodge and Fort Hays have

been ordered out after them, with instruc-

tions to gather them in, if it takes all sum-

mer. Troops are also moving up the river

to the south to engage them, and the military

authorities are confident they cannot escape a

collision with one or the other of the forces

marching against them.

Meetings have been held in San Francisco

and Sacramento to organize the business of

information and labor exchanges for the

benefit of the present great immigration.

Committees were appointed to collect fund-

raising addresses to immigrants, and com-
mittees with grants and editors in the ter-
ritory, with a view to establish a reliable
bureau of information concerning lands,
their prices, and demand for labor.
